Following is a sample budget for a typical **AIM** student. Apartments will be shared with fellow students.

A. <b>Rent</b> (for a furnished apartment; bills included; August thru April) .....	350.00

H. <b>Health Insurance</b> (required by <b>AIM</b> ) <sup>3</sup> .....	???
I. <b>Additional support for the field</b> <sup>4</sup> .....	???

<sup>1</sup> **AIM Dues** - The school is tuition free, but because we believe this experience will bless you all the days of your life, we encourage each student to make a **\$10 per month** (or more) contribution to the **AIM** program for years to come. This \$10/month contribution from each student will be required during the first 9 months and will be included with the rent payment. It is voluntary thereafter.

<sup>2</sup> **School Supplies/Classroom assignments** - You will download and print all syllabi, assignments, outlines, and notes from the **AIM** website. This amount includes paper and ink for your printer, or roommates' printer.

<sup>3</sup> **Proof of Health Insurance is required by AIM** both as a full-time student in the classroom and on the field (regardless of socialized medicine found in some countries). Most full-time students can remain on their parents' policy. If you need a letter from the school stating you are a full-time student, we will be happy to provide one for you. If you are unable to remain on your parents' policy, the cost of a policy varies from state to state and this amount will need to be added to the estimated amount of \$585.00/month. **Please have your health insurance provider issue you your own card.**

<sup>4</sup> **Approximately \$200.00 to \$700.00 more** per month will be needed for the field. The specific amount of additional support needed depends on the chosen mission field. Do not feel that this support must be raised before you begin school.
